M'CUMBER SOLDIER BONUS PLAN IS RECOMMENDED TO SENATE TODAY

ENROLLMENT TO REACH 1500 AT COLLEGE TODAY

Final Attendance May Go To 1800, President Now Estimates

BUILDINGS ARE FULL

Overflow Rooms Reported Packed When Classes Are Divided

A last minute report from the college at 3 o'clock this afternoon was that the 1,500 mark in enrollment has been reached.

With 1465 enrolled at 10 o'clock Wednesday morning, classes at East Central colleges were meeting regularly and efforts were being made by every instructor to get schedules on a firm basis. Dr. A. Linscheid, president, said today that the rush of business was over and that it was only a matter of time until students would naturally adjust themselves to the new order.

With enrollment standing at several hundred more than it ever has been, and more students coming on every train, authorities of the college are making preparation to care for the increase in each department. Every available room at the two main buildings is occupied and physical culture classes are being held each hour at the gym. Every room at Willard school is in use.

This morning, regular faculty members were busy reorganizing classes. It was found necessary to divide several classes and as a result 12 new divisions have been established. These meet at 7 o'clock each morning, making a full eight hours of work at the school. The last class dismisses at four o'clock. Many new features have been added to the summer work.

Departments Crowded.

Departments which are feeling the greatest strain from the large enrollment were named this morning as education, English, mathematics and agriculture, with many students interested in physical culture and biological science. Foreign languages, especially Latin, are little in demand, Dr. Linscheid said.

Predictions for the total enrollment varied this morning, but it was estimated that at least 200 new students would arrive Monday as this number will not be free from other schools until that date. This will put the enrollment around the 1800 mark, it is believed. With the number of students being classified today, it was predicted that the 1,500 mark would be reached before night. About 100 more students are due to arrive this week, it is said.

Students who have complained of not being able to get rooms are finding the college registry department valuable. Many places in the city are still open for boarders and roomers. Notices have been posted on the bulletin board to this effect.

HAMBONE'S MEDITATIONS

TAIN' NO WONDER FOLKS AIN' LAK T' GIT ON DE JURY-- DEY HAS T' SET TIGHT EN LISTEN WHILS' DEM DAH LAWYUHS DOOES ALL DE TALKIN'!

Weather Generally fair tonight; probably fair Thursday. Warmer in north and west portions.

STRIKE BALLOTS GO OUT SOON TO RAILWAY FORCES

478,000 Union Members of Craft Are Included In Mail Canvass

REST MAY JOIN MOVE

Walkout Orders to Depend Upon Verdict Carried Within Answer

DEROIT, May 31.—Officials of the United Brotherhood of Maintenance of Way and Railway Shop Workers are preparing strike ballots to be sent to the 478,000 members of the organization and 75,000 non-union men affected by the order of the railroad labor board cutting wages from 1 to 5 cents per hour.

If a majority of the brotherhood votes in favor of the strike, the president, with headquarters here, is authorized to set a date for the walkout. Such is the substance of the resolution adopted yesterday by the executive council. A strike ballot will be mailed to every person affected by the order of the board, including non-union men.

It is expected that the last ballots will be mailed out by the first of next week. All replies are looked for by the end of June. If the strike occurs it will probably be called for the first week in July. The wage reduction is to take effect July 1.

Protest Is Ignored.

CHICAGO, May 31.—The reduction of wages for railroad shopmen to be announced in a decision by the United States railroad labor board this week, will be ordered over a protest of the labor members of the board, it was learned today.

Albert O. Wharton, former head of the shop unions and president of the American Federation of Labor, and one of the original appointees to the board, was drawing a minority decision today. It will be published simultaneously with the majority order which, it is expected, in railroad circles, will add at least another \$50,000,000 to the common labor reduction of that amount last Sunday.

Other decisions covering clerks, telegraphers and various other smaller classes of railroad employees will be announced later. The trainmen and engineers service men will not come under the present decision.

FORMER LOCAL PASTOR DRAWS BIG AUDIENCES

William Gilbert, owner of the Ada Foundry, tells in a recent letter of seeing Dr. N. P. Patterson, former pastor of the First Presbyterian church of Ada, and now pastor of the First Presbyterian and largest church in North Platte. At the services on last Sunday there were 1100 persons present in Dr. Patterson's audience.

Since Dr. Patterson has been in charge of this church, the congregation made him a present of \$1000. The government has plans nearly completed for building at North Platte the largest irrigation project in the United States, and the city expects to have hydro-electric power soon.

So great was the strain on Dr. Linscheid as head of the college Friday and Saturday of last week, and Monday and half of Tuesday of this week, that he was forced to close his office and go home for a brief rest. He was refreshed today, however, and was able to take a new hold on school affairs this morning.

Address at Assembly

Friday morning at 9 o'clock the second general assembly will be held at the college. The assembly will be featured by an address by Senator A. F. Vandeventer, of Bartlesville, on "A Lawyer's Opinion of the Bible as a Divine Revelation From the Viewpoint of Science." Dr. Linscheid in announcing the address, issued the following statement and invitation:

"Senator A. F. Vandeventer of Bartlesville will deliver a lecture, under the auspices of the East Central State Teachers College at the auditorium Friday, June 2, at 9 a. m. Whether a believer of the Bible or not, this lecture is of a vital interest. One who recently heard Senator Vandeventer in Bartlesville, said of it 'it is one of the most remarkable, logical and simple explanations of some hitherto knotty problems that is contained in the Book of Books.' Business men are especially invited."

Not one more student can be used in the training school, the head of this department said today. The absolute capacity is 160 students, and nearly as many more have been denied admission to the various classes, it was said. Miss Mary Leath of Memphis, Tenn., who has been connected with the primary department of schools there for 12

Gun Clues May Solve Deep Mystery of Peters' Death at Hands of Rich Baker

Upper left, automatic pistol with which Walter S. Ward claims he shot Clarence Peters in self-defense; upper right, revolver with which Peters is alleged to have fired on Ward; below, left, Justice Frank J. Young, who dismissed a writ of habeas corpus brought by Ward's attorneys; right, Walter S. Ward, millionaire baker, self confessed slayer, now at liberty on \$50,000 bail.

and self-confessed slayer, turned two guns over to the Westchester authorities. Ward is said to have used an automatic and Peters the revolver in the duel which ended in Peters' death, according to Ward's confession. Ward charges Peters and two other men attempted to blackmail him for \$75,000 and when he refused payment started to shoot.

If guns could talk probably the mystery surrounding the death of Clarence Peters, former sailor and alleged blackmailer, would melt away. Attorneys for Walter S. Ward, wealthy baker

GIANT MATMEN TO STAGE SHOW HERE

Montegoff and McDonald, Title Holders, Will Clash Monday

Bob Montegoff, 214 pound mat champion of the navy, and "Blondie" McDonald, 210 pound champion of Texas, will meet in a wrestling exhibition here next Monday night in the old Sudden Service garage building under auspices of the American Legion, Charles Johnson, legion sport manager, announced this morning. Montegoff lives at Allen and McDonald at Fort Worth, Texas.

Two boxing preliminaries will lead up to the main event, according to arrangements. The Montegoff-McDonald contest will be a finish match of two falls.

Montegoff appeared in Ada last week and was introduced to sport fans who attended the Cooper-Lane bout at the McSwain theatre. At that time he threw out a challenge to "any man, any weight" to meet him for wrestling honors. Soon thereafter, Johnson began negotiations to match him with the Texas giant who is reputed to be a worthy opponent for any mat artist.

McDonald and Montegoff are perhaps the heaviest wrestlers who have ever been booked for an engagement before a local audience. Both are fresh from recent matches and are confident of victory.

Seats will be installed in the building within the next few days and final arrangements made for the exhibition.

CHURCHILL SAYS IRISH PACT NOT TO BE ACCEPTED

(By the Associated Press)

LONDON, May 31.—Great Britain will tolerate no republican Ireland, and if the terms of the Anglo-Irish treaty were not carried out by Ireland, the British government will resume her liberty to action in taking back the power conferred on the provisional government and in re-occupying the territory evacuated, it was declared today in the house of commons by Winston Churchill.

LONDON, May 31.—Winston Spencer Churchill, secretary for the colonies, told the house of commons that the agreement reached by the warring factions in the south of Ireland strikes directly at the previous agreement with the British government and would not be recognized.

He stated that the British government would not countenance the establishment of an Irish republic. Troops now in Dublin are secure and will be held there to await developments. In the event of an attempt to set up an independent republic, the colonial secretary said, it is the intention of the British government to hold Dublin as one of the bases of operations.

Enrag to London.

BELFAST, May 31.—Sir James Craig, Ulster premier, announced today that he and the Marquis of Londonderry, Ulster minister of education, were going to London tonight at the British government's invitation to confer regarding the situation in Ireland. He said they were going on a distinct understanding that they would not meet the Dublin representatives.

Farm Interest Lowered.

WASHINGTON, May 31.—Reduction in the rate of interest charged farmers by the federal land banks from 6 to 5 1-2 percent effective tomorrow, was announced today by Commissioner Lobdell of the farm loan board.

FATHER OF WARD MAY BE QUIZZED

Prosecution Seeks Light On Why Slayer's Note Got Quick Action

(By the Associated Press)

WHITE PLAINS, N. Y., May 31.—Westchester county authorities today took cognizance of a newspaper report that Walter S. Ward, wealthy baker's son, shot Clarence Peters in Ward's home on the night of May 15, and that evidence in the form of bullet torn woodwork and possibly blood stains would be found there.

District Attorney Weeks went into conference with Sheriff Werner and Police Chief Cody of New Rochelle. When ward surrendered to the police on May 22, his lawyer stated that he had met Peters who was demanding \$75,000 blackmail money by appointment, that he drove with him to Kensico reservoir and there shot him in self defense after Peters had threatened him with a pistol.

The new report now under investigation quotes the man alleged by Ward to have been assisting Peters, as saying that although there was a blackmail plot, it was not directed against Ward.

WHITE PLAINS, N. Y., May 31.—An examination of George Ward, father of Walter Ward, slayer of the sailor Peters, alleged member of a blackmailing gang, has been asked for. It is desired to ask him what was in the message received from his son which caused him to hasten home from Europe, and information is desired concerning events leading up to the killing. Officers of West-

OFFICERS KILL NEGRO FLEEING WITH 'WET' CAR

Unidentified Black Shot To Death At Tulsa in Battle With Cops

2 OTHERS GET AWAY

Automobile Wrecked As It Goes Into Ditch; Numbers Gone

(By the Associated Press)

TULSA, May 31.—In a running gun fight with police officers at 10.30 this morning an unidentified negro was shot to death and two others escaped, and a touring car was wrecked when it went into a ditch in the 1400 block on West First street. Police Officers C. O. Davis, L. E. Roach and D. T. Double engaged in a pistol fight with the three negroes in which more than 20 shots were exchanged.

Traveling at a fast rate of speed, the two cars sped down First street to the western edge of the city, where the machine driven by the negroes left the pavement, but hit the loose dirt of the unpaved road and crashed into a sewer ditch.

Coming upon the car occupied by the negroes at Admiral Blvd. and Lansing avenue, the officers gave chase, overtaking it on a hard chase at Detroit and Elgin. Blowing his police whistle, Officer Davis commanded the driver to stop the car, officers reported today.

Instead of complying with the command, the driver of the negro's car sped up and drove wildly west on First street. At the corner of First and Alwood, the officers said, the negroes began firing upon them.

An examination of the wrecked automobile showed that the motor number and other numbers that could be used in identification had been chiseled off.

The dead negro had been killed by a bullet in his head.

SOUND WARNING THAT MAD DOGS ARE NOW ABROAD

There are mad dogs in Ada. This is mad dog season. Better kill your dog if he is likely to be included in the mad dog list.

These were the statements of city police this morning. Already by several mad dogs have been shot. The young daughter of Mrs. William Eranks of East Eighth street was bitten by a dog believed to be mad yesterday.

The dog's head has been sent to Oklahoma City for examination.

Dr. Thomas, who was bitten by a mad mule, is taking the treatment. He has been investigating several cases of mad dogs, police said. Police recently inaugurated a campaign against dogs and citizens are asked to co-operate with the extermination of canines without muzzles and license tags in order to protect livestock and children of the city.

London's police today cost nearly as much annually as the whole of the force in England and Wales in 1914.

CONFEREES PUT SMOOT'S SCHEME FINALLY ON TABLE

House Bill With Fixtures Now Goes Before Body With Action Near

WON'T DELAY TARIFF

Majority Members Issue Notice Today Refusing To Give Leeway

WASHINGTON, May 31.—The McCumber soldier's bonus bill was ordered favorably reported to the senate by the committee, the vote being 9 to 4 in favor of this action. An amendment to the bill changes the time of its taking effect from October 1 to January 1, 1923. Senator Walsh, Democrat, of Massachusetts told the majority that it would take six months at least to complete the details for putting the measure into effect.

Smoot Plan Defeated.

Smoot plan, providing for paid up life insurance, in lieu of all other forms of compensation, was defeated by a vote of 8 to 5, the three democrats, Simmons, Walsh and Harvey—voting against it. Republicans supporting the Smoot proposal were Senators Smoot, McLean, Frelenhuysen and Dillingham. Republicans voting against it were McCumber, Curtis, Watson, Sutherland and LaFollette.

Senator McCumber broke the tie which has existed among the republican members on the vote to report the McCumber plan which is the house bill with some amendments, including the elimination of the land settlement option. Senators said the reclamation was not discussed, although house leaders, and some supporters of reclamation legislation, have urged that Smith-McNary reclamation bill or some similar legislation be attached to the bonus measure.

Oppose Delaying Tariff.

Several of the majority members of the committee have sent notice to Chairman McCumber that they would oppose laying aside the tariff bill for senate consideration of the bonus at any time in the near future, Chairman McCumber reported that he intended to get as prompt consideration of the bonus bill as could be worked out, but did not state whether the tariff measure would be laid aside. It was reported that republican leaders hoped to work out some plan by which the bonus measure could be expedited without delay serious to the tariff bill.

Senator Simmons, ranking democratic member, announced on behalf of the three democrats present that they voted to report out the McCumber plan only to get action promptly and not because they favored the measure.

Hoover to Govern Coal Price During Strike of Miners

WASHINGTON, May 31.—Secretary Hoover has assumed the responsibility for fixing a reasonable price for spot coal during the continuance of the present coal strike.

Opening the conference here today of union and non-union operators in the producing fields, Mr. Hoover declared that any agreement between the operators looking towards the fixing of the price of coal even though in the interest of the public, would be illegal, and therefore he asked individual operators to agree with him upon a reasonable price for coal in their respective districts.

The commerce secretary suggested the immediate appointment of committees representing each producing district to confer with him on a fair price of coal in their districts. He also asked that the committees should continue to exist and report to him, after determining fair coal prices or unfair prices in their district.

Mr. Hoover told several hundred operators at the meeting that the conference had been called by him at the request of President Harding to consider as to what means might probably be taken to restrain runaway coal prices during the strike. He explained that the conference was not concerned with wages or other questions.

The most powerful electro-magnet in the world has a power of 100,000 gauss.

Sidelights Reveal Interesting Facts as Summer Term Opens at College

A hasty review of classification cards show that there is a greater number of school principals, superintendents and consolidated school heads taking summer work here than ever before. This goes to show, according to President Linscheid, that instructors are preparing themselves from the professional, as well as the technical side.

So great was the strain on Dr. Linscheid as head of the college Friday and Saturday of last week, and Monday and half of Tuesday of this week, that he was forced to close his office and go home for a brief rest. He was refreshed today, however, and was able to take a new hold on school affairs this morning.

Address at Assembly

Friday morning at 9 o'clock the second general assembly will be held at the college. The assembly will be featured by an address by Senator A. F. Vandeventer, of Bartlesville, on "A Lawyer's Opinion of the Bible as a Divine Revelation From the Viewpoint of Science." Dr. Linscheid in announcing the address, issued the following statement and invitation:

"Senator A. F. Vandeventer of Bartlesville will deliver a lecture, under the auspices of the East Central State Teachers College at the auditorium Friday, June 2, at 9 a. m. Whether a believer of the Bible or not, this lecture is of a vital interest. One who recently heard Senator Vandeventer in Bartlesville, said of it 'it is one of the most remarkable, logical and simple explanations of some hitherto knotty problems that is contained in the Book of Books.' Business men are especially invited."

Not one more student can be used in the training school, the head of this department said today. The absolute capacity is 160 students, and nearly as many more have been denied admission to the various classes, it was said. Miss Mary Leath of Memphis, Tenn., who has been connected with the primary department of schools there for 12

years, and who had worked in the University of Tennessee, is in charge of the primary work here. She is taking the place of the regular teacher.

Miss Mae Noble reports good progress in organization of classes in primary education. Many students have enrolled in this subject and are showing keen interest in the work, it is reported.

Miss Montgomery, of the training school department in Chicago this summer taking advance work. Mrs. Wick Adair of the Ada city schools is filling her position during the summer. She has charge of the third and fourth grades.

Beginning Monday, Dr. Thomas W. Briggs, head of the education department of the Columbia University, will deliver a series of lectures to the students. He is author of a series of books on his subject, and is said to be one of the nation's foremost authorities. Many students have enrolled especially for this work.

Coach M. Z. Thompson, head of the department of men's athletics, said today that his classes were larger than they had ever been. He has prepared a series of addresses to his classes on the subject of physical education. One of his leading classes is made up of high school coaches and players who meet at 7 o'clock each day. The theory of coaching is being taken up.

The athletic department of the college has been granted a berth in the city baseball league and the first meeting will be held in the office of Coach Thompson Thursday afternoon. Coach Thompson expects to have a team working out before the end of the week to participate in the team's games next week.

An original piece of work is to be seen on the bulletin board. It is entitled "Scenes around the college on the opening day." Various views, expressed as a cartoonist sees them, are reproduced.

BIBLE THOUGHT OF TODAY

THE GOD OF PEACE:—Now the God of peace, make you perfect in every good work to do his will.—Heb. 13:20,21.

THE WAGE SITUATION

Everyone is interested in the recent cut in the wages of railroad employees, for if such a cut brings a strike all of us will suffer. The Labor Board feels that the employees' wages should be cut. The public is demanding lower freight rates and roads say that in order to reduce their rates the wage scale must be reduced.

But there is another side to the wage dispute. The railroad men insist they are not overpaid, if the long period of service necessary to hold their jobs and the responsibility and hazards are considered. We quote from a sheet sent out by the Brotherhood of Locomotive Engineers.

"In order to secure for our readers the unvarnished truth about the actual wages received by the best paid railway employes, we have just made a survey of the compensation of locomotive engineers, who are sometimes referred to as 'the aristocrats of labor,' since they are among the most highly skilled and best paid railroad workers. Obviously, if a cut should not be made in the wages of these men, then the wages of the most poorly paid employes can not be further reduced.

"In order to determine whether the engineers are now receiving more than their share of income, we have taken authoritative figures on wages recently compiled by the U. S. Railroad Labor Board, the data collected by the Interstate Commerce Commission, and the rule for determining a 'just and reasonable wage' laid down in the Transportation Act passed by Congress in 1920 and still in force. According to the carefully compiled figures of the Railroad Labor Board, the average daily earnings of engineers are as follows:

Passenger engineers\$6.00
Yard engineers 6.51
Through freight engineers 7.05
Local freight engineers 7.44

"The Labor Board stresses the fact that these are average daily earnings, and include overtime as well as regular pay. They represent the total daily compensation received by the average engineer since July 1, 1921, when Decision No. 147 of the Labor Board imposed a 9.4 percent cut, totalling \$33,882,645 per annum on engine service employees. In the same report there is also given the average monthly wage received by engineers, which indicates that many of them do not work full time. In fact, the highest average stated is but \$185.93 per month, which tapers down to \$119.56 for yard and local engineers. As a matter of fact, many engineers are now receiving less than this, because the prevalent industrial depression has deprived them of steady employment to the point where they receive but a few days' work a week, often with an average income of under \$100 per month. This is far less than the dollar an hour standard compensation paid skilled artisans in practically all of the well organized trades. It is actually less than the U. S. Bureau of Labor Statistics claims that the average American family must have to maintain a decent standard of living."

NEWSPAPER IDEALS

Walter Dickey, owner and editor of the Kansas City Journal, who has just taken over the Kansas City Post also, gives the following terse outline of his principles and policy in his endeavor to publish reputable papers:

The Kansas City Journal and The Kansas City Post will not set themselves up bumpstiously as self-appointed attorneys for Kansas City.

The efforts of these newspapers will be directed toward printing the facts, in order that the people may reach and act upon their individual conclusions.

I make this solemn pledge—the same broad tolerance toward all, regardless of race, religion, political persuasion or personal beliefs; the same faith in and ambition for our common city, state and country, which have characterized The Journal for more than half a century, will be the dominant principles of The Kansas City Post under my direction.

Newspaper abuse of power is as bad as any other form of tyranny.

Freedom of the press is guaranteed by our Constitution, but freedom of the press does not mean newspaper license.

It does not mean license to distort news facts.

It does not mean license to print misleading headlines.

It does not mean license to blacklist citizens.

It does not mean license to assassinate character.

It does not mean license to grab political power.

It does not mean license to manipulate public projects for private profit.

It does not mean license to browbeat advertisers.

No newspaper under my control will ever attempt to make or break organizations, to ruin socially, politically or in a business way any individual for personal reasons.

The Journal and The Post, from time to time, will advocate the things believed best to advance the public welfare. But in the final analysis, the public welfare is in the keeping of our citizens. No newspaper's judgment is infallible, and we shall not sulk nor vent our spleen if a majority does not agree with us.

HIS PALMY DAYS ARE OVER

The Forum of the Press

Speedy Trials as Crime Preventive.
(Kansas City Journal)

Some significant statements were made by the committees of the American Bar association, appointed to make an exhaustive survey of crime conditions in this country, and to suggest preventive or punitive legislation.

After months of the most rigid scrutiny into the situation in all its phases, the committee maps out a comprehensive system, prefacing its recommendations with the statement that "the prevalence of a large volume of crime in our large cities is the result of mollycoddling and sympathy by misanthropes and ill-advised meddlers," and that "the problem today is not the quarrelsome person or the accidental or occasional criminal, but the professional criminal, the man who deliberately adopts crime as a business."

The most effective remedy suggested is swift and certain punishment. The committee points out that the recent speeding up of trials in Chicago alone brought about a decrease of 51 per cent in murders. It attacks the system of impeding and selecting juries as a farce, and also denounces the so-called "insanity hurdle." The members take the view that a person who is sane enough to commit "a crime of calculation" is sane enough to pay a reasonable forfeit to society.

The report makes a number of specific recommendations. It would provide for a bureau of criminal records; increase the penalty in all cases where the person committing the crime is armed with a gun; make the use of an automobile in the commission of a crime a separate offense, and increase the severity of the punishment. It urges an habitual-criminal act providing for the permanent incarceration of persons convicted of three or more crimes, and points to the urgent need of simplifying judicial procedure.

In Philadelphia, it is noted, the criminal dockets have been cleared, and this has been made possible by the persistent and hearty co-operation between the police, the courts and the prosecuting attorney's office.

What has produced highly desirable results in one city will produce them in another. The bar association committee was composed of the ablest lawyers in the country, and its conclusions are entitled to the most thoughtful consideration, though it does not require able lawyers to prove that one of the greatest obstacles to law enforcement is the vexatious and often inexcusable delay in bringing offenders to trial and in carrying out sentences formally assessed.

Conversely, the certainty of adequate punishment would operate as an effective deterrent in the commission of crimes which now go virtually unpunished.

Big Laughs Coming.
(Ardmoreite)

In cleaning house this spring, maybe you ran across the old family album. If so, you had a laugh at the peculiar clothing styles and solemn expressions on the faces of former generations.

Did it ever occur to you that our photographs are also going to get "the merry ha-ha" when future generations discover them in some obscure nook of the airship houses that will be in use 75 or 100 years from now.

The marvels of today will be laughably old-fashioned later on. It is hard for us to believe this. That

has always been the way. Vanity being eternal, each generation—while laughing at the past—is cocksure that the present is "the real thing."

Have you read Mark Twain's satire, "A Connecticut Yankee at King Arthur's Court"? Its film version makes movie audiences roar at the ludicrous effect of a modern American, transported back into time 1400 years, unhorsing armored knights with a lasso and knocking them down like nine-pins with a flinger.

The stately dignity of the ancients is farcical, from the 1922 viewpoint. At lumber mills, teams used to haul boards to boxcars, where they were leisurely transferred by rousters.

At a modern mill, the lumber is carried out to the box cars on a long conveyor belt, a sort of endless moving platform. The lumber comes in a steady stream. An efficiency expert has calculated how fast the loader at the car should work, and the belt is geared accordingly. The loader works at a set speed or gets buried under oncoming boards.

We regard this arrangement solemnly. But, having all the elements of humor, it will make future generations haw-haw.

In the future, automatic machinery and inventions will free men from industrial slavery. Cheap, fast-flying airplanes will enable all to live in the country. Cities, at night, will be deserted groups of factory buildings.

We, voluntarily imprisoned in cramped apartments or small houses, will seem queer to our descendants. Daily we go to work in our prison cells, to pound typewriter keys, push a pen or perform monotonous operations with machinery—when we might all be free in the outdoors of farmland.

Will the future consider us laughable, pathetic or crazy? It's a good thing the average person's sense of humor is not highly developed. Otherwise, we might either revolt against the stupidity of civilization—or laugh ourselves to death at our dignified solemnity.

A fog estimated to have cost the city of London \$3,000,000 visited the city at the end of last November.

The College President
Such rawness in a student is a shame.
But lack of preparation is to blame.
The High School Principal
Good heav'ns, what crudity! The boy's a fool.
The fault, of course, is with the grammar school.
The Grammar Principal
O, that from such a dunce I might be spared!
They send them up to me so unprepared.
The Primary Principal
Poor kindergarten blockade! And they call
That preparation! Worse than none at all!

The Kindergarten Teacher
Never such a lack of training did I see.
What sort of prson can the mother be!
The Mother
You stupid child! But then, you're not to blame;
Your father's family are all the same.
—Exchange.

Made Him Comfortable.
Private Abraham Washington Jackson was on sentry duty his first night in the new camp. In the cold early morning hours the lieutenant colonel showed up. "Halt! Who all dere?" bellowed Private Jackson. "Officer of the post."
Followed a painfully long silence while the sentry racked his brain for the proper retort. Finally the officer of the post lost all semblance of patience. After a period of vehemence he became articulate enough to say, "Why don't you say something? Are you going to let me stand like this all night?"
"No suh," answered the private. "No, indeed suh. At ease."—The Argonaut.

Italy has not a single coal mine in all her territory.

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women—whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people, it puts firm flesh on your bones, it rounds out your face, arms, neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowiness from the eyes, and it fools Father Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

Mathilda Nervous On Her Return To Her Father's Arms

(By the Associated Press)

CHICAGO, May 30.—Smiling nervously, but steadfastly refusing to say "even a word" about her marriage plans, Miss Mathilda McCormick, daughter of Harold McCormick, millionaire harvester head, returned to Chicago on the Twentieth Century.

At the station was her father who greeted her with a kiss and "hello darling, glad to see you back." But he too, refused to discuss Mathilda's affairs or make comment in his own case, in which Mrs. Edith McCormick, his divorced wife, started court action to have his guardianship of Mathilda set aside.

Walker-Nix. Tandy C. Walker and Miss Mabel Nix, both of Stonewall, were married May 28 at the Baptist mission here, Rev. R. E. L. Ford officiating. They will make their home at Stonewall.

Class Entertained. The Kings' Messenger class at the Baptist Sunday school, taught by Mrs. Lee Huber, will entertain Robert Kerr's class of the same Sunday school this evening at Ford's pool as the result of having lost a contest to that group.

Sigma Sigma Sigma sorority of East Central Teachers College entertained a number of guests at a swimming party Tuesday evening at Ford's pool.

Miss Knighten Honored. With so many out-of-town visitors and so many young girls going away for the vacation season, society has not lacked inspiration for entertaining the past fortnight.

One of the many delightful affairs planned for these young folk was the very pretty dance given Tuesday evening by Mr. and Mrs. H. W. Wells, in their home on West Eighteenth street, honoring Miss Bess Knighten who leaves today for Norman to enter the state university.

The house, on this occasion, was a veritable bower of pink rambler roses and garden flowers of every kind; shades of pink were also used in the ices and monogrammed individual angel food cakes.

Those present were: Messrs and Mesdames Harry Scheinberg, Harmon Ebey, J. H. Patton, T. P. Smith; Misses Eunice Bills, Bess Knighten, Evelyn Brown, Nora Abney, Julia Nicholson, Alice and Winnie McLachlan, Janice Johns, Dorothy Duncan, Frances Case; Messrs. Hugh Taylor, Hugh Biles, John Craig, Bob Blanks, Sam Huser, Sam Scheinberg, Marshal Harris, Langford Shaw, Paul Alderson, Mayo McKeown, E. A. Stinson, Lowry Harrell, Walter Phillips, Lloyd Chisholm, Oliver Johns, Mr. and Mrs. Rechin of Ardmore, Sanford Brown of Tulsa, Miss Effie Forrest of Stratford, Miss Evelyn Potter of Gainesville, Texas, Miss Grace Barry of Dallas, Mrs. Deering of Los Angeles, Miss Tina May Knighten of Norman, and Miss Miriam Spawr of Tulsa.

Mr. and Mrs. A. S. Rose of 412 East Tenth street entertained with a 6 o'clock dinner Tuesday honoring Mr. Harrison of Wortham, Texas, and also Miss Julia Walker, who is leaving Thursday for Tennessee.

nessee. After dinner a line party at the show was enjoyed, following which refreshments consisting of brick ice cream and cake were served at the home.

Walker-Stalnaker. Ross H. Walker and Miss Freda Stalnaker, both of Maud, were married this afternoon at 2 o'clock in the office of County Superintendent Floyd, Justice H. J. Brown performing the ceremony.

The following Ada friends accompanied the young couple to the court house and witnessed the wedding ceremony: Misses Martha and Minnie Stalnaker and Messrs. Curtis Floyd and Cornelius Stalnaker.

SEMENOFF CAN'T BE DEPORTED IS OFFICIAL BELIEF

(By the Associated Press)

WASHINGTON, May 29.—General Gregorie Semenoff, Russian Cossack leader, whose deportation has been demanded by Senator Borah, republican, Idaho, because of alleged brutal treatment perpetrated upon American soldiers in Russia, cannot be deported from the United States, according to a decision transmitted today by Commissioner General of Immigration Husband to Secretary Davis.

General Semenoff was legally admitted to this country, the decision avers, and cannot be deported unless an offense is committed by him against the government. The department will make further investigation, however, of all the facts regarding the case in order to be in a position to say satisfactorily that nothing has been overlooked, it was said.

NEW CONTEST ARRANGED FOR LEWIS AND GEORGES

LONDON, May 30.—Another contest has been arranged by Ted Lewis and Georges Carpentier, says the Daily Mirror. The arena regulations this time being built in the laws court room. The English pugilist has entered suit for libel against the publishers of Town Topics and Carpentier for an article in that publication on May 19 under the caption: "What I think of 'Kid' Lewis," the authorship of which was attributed to Carpentier.

Some Good Advice

Strengthened by Ada Experiences.

Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weakened kidneys prompt attention. Eat little meat, take things easier and use a reliable kidney tonic. There's no other kidney medicine as well recommended as Doan's Kidney Pills. Ada people rely on them. Here's one of the many statements from Ada people.

Mrs. Virginia Roberts, 14 E. 2nd St., says: "I have every confidence in Doan's Kidney Pills and take them whenever I get attacks of kidney trouble. When I have had these spells my back has been aching and I often became so lame that I could hardly do my housework. Then too, if I stooped I would have dizzy spells and specks passed before my eyes so I could hardly see. I have used Doan's Kidney Pills for these attacks and they have always relieved me promptly. I am only too glad to give Doan's my hearty endorsement."

ELECTION PROCLAMATION

Under and by virtue of Section 27 Article 10 of the constitution of the State of Oklahoma, an ordinance No. 476 of the City of Ada said Statute authorizing the calling of an election for the purpose hereinafter set forth, passed and approved the 9th day of May, A. D., 1922.

1. The undersigned Mayor of the said City hereby call an election to be held in said City on the 6th day of June, A. D., 1922, for the purpose of submitting to the qualified tax paying electors of said City the following:

"Shall the City of Ada in Pontotoc County, State of Oklahoma, incur an indebtedness by issuing its negotiable bonds for the sum of \$110,000.00 to provide funds for the purpose of purchasing site for Convention Hall and Community House, erecting Convention Hall and Community House thereon, and purchasing Convention Hall and Community House equipment, to be owned exclusively by the said City, and levy and collect an annual tax, in addition to all other taxes, upon all of the taxable property in said City sufficient to pay the interest on said bonds as it falls due and also to constitute a sinking fund for the payment of the principal thereof at maturity, said bonds to bear interest not to exceed the rate of five (5) and one-half per centum per annum, payable semi-annually, and to become due within twenty-five years from their date."

The ballot to be used at said election shall set out the proposition as above set forth and shall also contain the words:

1. ☐ For the above Proposition

2. ☐ Against the Above Proposition.

(If the voter desires to vote for the above proposition he shall stamp an "X" in the first square above; if he desires to vote against the above proposition he shall stamp an "X" in the second square above.)

The polls shall be opened at 7 o'clock a. m., and shall remain open continuously until, and shall be closed at 7 o'clock p. m.

The number and location of the polling places shall be as follows: Ward No. 1. City Hall.

Ward No. 2. Sudden Service Garage, 113 North Broadway.

Ward No. 3. 200 West Main St.

Ward No. 4. 217 West 12th St.

The officers to conduct said election shall be:

Ward No. 1.—John W. Beard and H. J. Huddleston, judges; C. M. Chaucney and M. O. Matthews, clerks.

Ward No. 2.—Edwin Wright and P. T. Drummond, judges; Claude Logsdon and C. P. Lehr, clerks.

Ward No. 3.—Robert Ellis and Martin Hively, judges; F. S. Houpt and W. E. Heady, clerks.

Ward No. 4.—O. J. Davidson and Lon A. Braley, judges; Bart Smith and T. J. Emery, clerks.

Such officers shall act as counters.

Witness, my official hand as Mayor of said City affixed this 23rd day of May, A. D., 1922.

W. H. FISHER, Mayor.

Attest: (Seal) J. C. Deaver, city clerk.

(Published May 26, 27, 29, 30, 31 and June 1, 2, 3, 5, 6, 1922)

Notice to Property Owners

Paving Resolution No. 11-2

A resolution adopting specifications and estimates of quantities and costs for the paving with concrete and otherwise improving of Street Improvement District No. 11, same being South Broadway from the south line of Twelfth street to the center line of Thirteenth street together with street intersections and alley crossings, all in the City of Ada, Pontotoc county, Oklahoma.

Be it resolved by the Board of Commissioners of the City of Ada, Pontotoc county, Oklahoma:

First: That acting under instruction of the Board of Commissioners, the Engineer has made the necessary surveys, and has prepared and presented complete and accurate specifications and estimates of quantities and costs of the improvement to be presently described and formally numbered, which specifications show the widths of the paving, and the material thereof, and which specifications are hereby approved and ordered filed with the City Clerk of the City of Ada, Oklahoma.

Second: That it is necessary to permanently improve with concrete, said portion of Broadway, as set out in the caption of this resolution which portion of Broadway is hereby designated Street Improvement District No. 11, of the City of Ada, Oklahoma, by paving, grading, draining and otherwise improving same in accordance with such approved plans, specifications and estimates of cost thereof, so filed with the City Clerk.

Third: That if the owners of more than one-half (1/2) of the lots and tracts of land liable to assessment to pay for such improvement shall not within fifteen (15) days after the last publication of this resolution, file their protest in writing against such improvement, then the Board of Commissioners shall cause such improvement to be made and contracted for, and shall levy assessments for the payment thereof against such lots and tracts of land liable to assessment to pay for such improvements, as provided for in Sections 608 to 646, Article XII, Chapter 60, of the Revised Laws of Oklahoma, 1910, and amendments thereto.

Fourth: That this resolution shall be published in six consecutive issues of the Ada Evening News, a newspaper published daily, and of general circulation in the City of Ada, Oklahoma.

Fifth: That all resolutions or parts of resolutions in conflict herewith are hereby repealed.

Passed and approved this 23rd day of May 1922.

CITY OF OKLAHOMA.

By W. H. Fisher, mayor and commissioner of Public Justice and Safety.

Attest: (Seal) J. C. Deaver, city clerk and commissioner of Accounting and Finance.

Patrons Asking For Pay Summer Session Superintendent Says

Patrons of the city schools are asking for a summer pay school, according to a statement issued today by Prof. J. E. Hickman, city superintendent.

A pay school would be the only means of holding summer school for others than 8A students, he said, as there are no funds for this purpose. If enough patrons become interested to warrant the hiring of an instructor, the matter will be taken up at once. The statement in full follows:

"There is a demand for a summer pay school on the part of several patrons of the schools in the city. The training school at the Normal is full. The public schools are financially able to give only the 8A work being given at the high school building now. If there is a sufficient demand for a summer school to continue until July 28 at the rate of \$2.50 per pupil per month, provision can be made for such a school at the high school building.

"At the request of several patrons I am asking those interested to see me at the office. If such a school is undertaken, it will be primarily to aid pupils who have failed or who are weak in certain subjects. It will not be intended to cover the work of a half year and get credit to that extent, although it is possible for certain pupils to make a half years credit during this time. This notice is made to assist those interested in such a school to organize and get it going. If interested, act at once.

"Respectfully,
"J. E. HICKMAN."

BRITISH TROOPS NOT IN IRELAND AT HER WISH

(By the Associated Press)

LONDON, May 30.—British troops are being kept in Dublin, not by the request of the Irish provisional government, but because the process of evacuation has been temporarily suspended, Winston Churchill, secretary for the colonies, stated in the house of commons this afternoon.

(Published May 26, 27, 29, 30, 31, 1922 and June 1, 2, 3, 5, 6, 1922)

Notice to Paving Contractors.

Notice is hereby given that in pursuance to Paving Resolutions Nos. 6-3, and 10-5, passed by the Board of Commissioners of the City of Ada, Oklahoma, on the 26th day of May, 1922, sealed bids will be received at the office of the City Clerk of the said City until 2:00 o'clock p. m. on the 7th day of June, 1922, for the furnishing of the materials and the performance of the work necessary for the paving and otherwise improving in the manner and subject to the conditions hereinafter set out, of portions of the avenue and street in the following street improvement districts in the City of Ada, Pontotoc county, Oklahoma, heretofore established by resolutions passed by the Board of Commissioners, to-wit:

Street Improvement District No. 6. South Townsend Avenue from the center-line of Twelfth Street to the South line of Twentieth Street, including street intersections and alley crossings on the above described avenue in the City of Ada, Oklahoma.

Street Improvement District No. 10. West Seventeenth Street from the West line of Broadway to the East line of Townsend Avenue, in the City of Ada, Oklahoma.

The cost of such improvements on said avenue and street including street intersections and alley crossings shall be borne and paid by the owners of property benefited by such improvements upon the said avenue and street hereby ordered to be improved.

The entire cost of said improvements on said portions of such avenue and street shall be separately apportioned to and levied and assessed against the abutting property liable to assessment therefor, and the owners thereof, in accordance with the provisions of the State Laws of Oklahoma governing the same.

The plans and specifications for the improvement of the said avenue and the said street have been separately prepared by the city engineer and have been adopted by the Board of Commissioners and include and set forth in detail all the different materials and plans and methods of construction hereinafter set out. The plans, plat, profiles, specifications and estimates are on file in the office of the City Clerk.

For each improvement district the class of pavement to be constructed shall consist of single course plain concrete six (6) inches in thickness.

Bids shall be submitted upon proposal sheets to be furnished by the City Engineer, and each bid must be accompanied by a certified check on some solvent bank in the State of Oklahoma, or a satisfactory Bidder's Bond in the amount of approximately five (5) percent of the total cost of the work based upon the Contractor's bid. The Board of Commissioners of said City reserve the right to reject any or all bids on each district separately, and bidders are cautioned to observe all the conditions set out in the specifications and bidding sheets.

Each bidder shall accompany his bid with a sworn statement in writing that the bidder has not, directly or indirectly, entered into any agreement, expressed or implied, with any other bidder or bidders, having for its object the control of the price and amount of such bids, or limiting the number of bidders. No bidders shall divulge sealed bids to any person whatsoever except those having a partnership or other financial interests with him in said bid, until after the said bids are opened. The violation of any of the foregoing provisions on the part of the bidder shall make void any contract made by him with said City based upon his bid, all as provided in Section 1, Article IX, of the charter of the City of Ada, Oklahoma.

Bids received as aforesaid will be

opened and considered by the Board of Commissioners at a meeting to be held at the City Hall in the City of Ada, Oklahoma at 2:00 o'clock p. m., on the 7th day of June, 1922. All bids are required to be placed on file in the office of the City Clerk for inspection for forty-eight (48) hours after opening before the award or rejection of bids can be made.

The contract will be awarded for each district to the bidder submitting the most advantageous bid therefor, who will undertake and perform the work and furnish the materials according to the plans and specifications contained in the resolution of the Board of Commissioners declaring in each instance, the necessity of, and providing for the improvement of the said avenue and street. A copy of such resolutions will be furnished to bidders upon application therefor at the office of the City Clerk.

The Contractor shall receive for the above work, including printing and appraising, Street Improvement Bonds at their par value against the abutting property according to Sections 608 to 646, Article XII, Chapter 10 of the Revised Laws of the State of Oklahoma, 1910, and amendments thereto.

The Contractor to whom a contract may be awarded will be required to execute and furnish the City a good and sufficient Construction Surety Bond in amount equal to fifty (50) percent of the whole bid, conditioned for the full and faithful execution of the work, and the performance of the contract.

The Contractor will also be required to execute and furnish the City a good and sufficient Statutory Surety Bond in the full amount of each contract awarded him, running to the State of Oklahoma, which bond shall guarantee the payment of all bills for tools, machinery rental, labor and materials used in or about the construction of the work on each separate district. This bond shall be presented to the City at the same time as the Construction Bond, and after being approved, shall be filed with the Court Clerk of Pontotoc county.

The Contractor shall also furnish before the allowance of the final estimate and acceptance of the work, a Maintenance Surety Bond in amount of approximately three (3) percent of the cost of the work in each district he has contracted for, conditioned for the maintenance in good condition of the paving, curbing and drainage for a period of five (5) years from the time of completion and acceptance by the City.

Complete plans and specifications can be seen and consulted in the office of the City Engineer, Ada, Oklahoma. Plans and specifications are also on file in the office of the City Clerk of Ada, Oklahoma, and may be examined by all persons interested.

Dated this 26th day of May, 1922.

J. C. DEEVER,
City Clerk and Commissioner of Accounting and Finance. 5-26-10td

CHURCH VESSELS TO HELP HUNGRY

Valuable Metal Stripped From Ikons in Russia To Purchase Food

(By the Associated Press)

MOSCOW.—Hammers and chisels, wielded in a matter of fact manner by employees of the government committees for requisitioning of church treasures, has stripped in a few moments the silver or gold overlays from ikons that took years to construct. Today these sheets of valuable metal are being weighed on scales and melted down to be sold to help feed Russia's famine sufferers.

Here and there throughout Russia there have been disturbances in connection with the requisitions, but the outstanding feature of the campaign to transform these valuables into bread has been the calm manner in which parishioners have watched the requisitions.

The Associated Press correspondent spent a morning with the Moscow Requisition Committee watching the work at an ancient church and a big convent in Moscow. At the latter a few nuns, solemn faced but unresisting, watched the methodical work of the requisitioners and even assisted them by pointing out the treasures containing genuine diamonds.

Fifteen minutes work stripped from an ikon all of the silver and gold, before which Ivan the Terrible once knelt, and left it a cracked oil painting. A few snips of the shears and a collar of tiny seed pearls, weighing perhaps six pounds and which must have taken months of patient needle work to construct was cut from another ikon and tossed into a box with silver cups, diamond-studded crosses and communion cups of gold. Scores of hanging lamps of silver and hand-wrought enamel, which had been carefully tended and filled with oil and lighted for centuries, came down just as quickly and were thrown in heaps on a wooden bench to be listed and weighed on the scales.

Catholics Allow Pictures.

Most of the wealth of the church has been placed in the overlays of ikons. The Greek Catholic church abhors statues, but permits pictures of the saints. Originally mere oil paintings, these ikons have been framed in gold or silver and then overlays of precious metal fitted over the canvas. Sometimes only the faces of the paintings can be seen under the gold and silver. If the painting is that of the Virgin, for example, pearl necklaces are hung about the overlay that covers the neck. In some cases garments heavy with jewels are added. When all these decorations are torn away, there remains only an old oil painting.

The work of the requisitioners was extremely careful and methodical. Though probably Communist themselves and therefore scornful of the customs of the orthodox, they doffed their hats upon entering the church. They did not enter the Sanctuary or other holy rooms but permitted the priest or some other person designated by the faithful to hand out to them the valuable articles from these places.

Experts from the government museums accompanied the requisitioners and if they discovered objects of great historical value these were pronounced "museum articles" and not sold but removed to the museums or permitted to remain in the churches.

At the Nikitski convent one ikon which the nuns particularly valued was not taken, as the parishioners agreed to pay over to the famine fund its value in silver coin.

GERMANS PROMISE TO LIMIT PAPER CURRENCY

PARIS, May 30.—The German reply to the reparations commission's demands says that the German government will undertake, on the hypothesis that it be given aid through a foreign loan within a suitable time, to maintain its paper circulation within the limit reached March 31, and in general comply with the conditions fixed by the commission for a partial moratorium.

BOTH MOTHER AND DAUGHTER ARE RESTORED

Wonderful Recovery From Stubborn Stomach Troubles Result of Taking Tanlac, Omaha Woman Declares.

"I haven't felt a sign of my old troubles since taking Tanlac," said Mrs. Fred Gaeth, 202 N. 19th St., Omaha, Neb.

"I suffered dreadfully for two years from severe stomach trouble and was badly run down. At times I had such awful pains in my stomach I could hardly stand them, with severe headaches and dizzy spells. At night I was so restless I could scarcely sleep, and I had such little energy I couldn't do my housework."

"I have been improving from the very first by taking Tanlac. My appetite is splendid, I do my housework easily, and feel as well as I ever did in my life. My daughter began taking Tanlac after seeing what it did for me, and it has done her a world of good. We are very grateful, and glad to recommend it to others."

Tanlac is sold by all good druggists.

Alleged Killer Is Sought for Murder of Seventh Victim

JONESBORO, Ark., May 30.—Officers today are searching for Green Garner, a former convict, who is reported to have killed Edgar Henson, near Sedgwick, Ark., in a quarrel over some whiskey.

Authorities declared Henson was Garner's seventh victim, it being said that he killed three white men and three negroes previously. He was pardoned from the prison several years ago after being convicted of killing two brothers named Tooley, at Bono, Ark.

HURT ALL OVER

Texas Lady Couldn't Sit, Stand or Lie With Any Comfort. Says "Cardui Did World of Good."

Bartlett, Texas.—Mrs. Nannie Messer, of Route 3, this place, states: "About three years ago I was in a very critical condition. I had been suffering for some time. To tell how I hurt would be impossible. 'I just hurt all over. I couldn't sit, stand or lay with any comfort, my back, sides and head all gave me a great deal of trouble.

"I was especially bothered with a light swimming in my head. My people were very uneasy about me and sent me to my relatives to see if a change would do me any good. 'I stopped at a sister-in-law's and she being a great believer in Cardui, asked me why I didn't use it. I decided to try it. 'I had only taken a few doses when I felt it would do me good. This gave hopes and I used it right along and it did me just a world of good, since which time I have never ceased to praise Cardui."

Cardui is for simple female complaints and womanly pains and has been found to benefit in thousands of such cases when not due to malformation or that do not require surgical treatment. Try it.

PASTORS TO BE SHIELDED FROM LURE OF GRAFT

(By the Associated Press)

ATLANTIC CITY, N. J., May 31.—A new plan to protect ministers from "ecclesiastical Ponzi's" by affording a sound opportunity for investment has been formulated by the Methodist Board of Conference Claimants, according to an address by Rev. Joseph H. Hingeley, of Chicago before the Annual Conference of Interdenominational Secretaries of Ministerial Relief of Protestant churches here today.

The proposed plan, according to Dr. Hingeley, would yield ministers in some cases a dollar a day on savings of a dollar a week, and would insure them against disability or poverty in old age.

"In preparing the plan," said Dr. Hingeley, "we based the accumulations on interest compounded semi-annually at four percent on money paid during the minister's active years on which, when retired, he would receive a fixed income for life. The actual computation showed that if he should begin the payments of a dollar a week when he was twenty-five years of age and should continue such payments until he was sixty-five, his accumulations at the usual rates would yield a dollar a day for the remainder of his life."

In describing the need for such an actuarial plan Dr. Hingeley said that a book advising agents how to promote a certain speculative enterprise, classed the best ministerial prospects as Presbyterians and Episcopalians, "because they get the best salaries," and also Methodists and Baptists, "because they are 'easy marks' for the promoter."

The plan would supplement the present Methodist pension toward which pastors do not regularly contribute, with provision incorporating actuarial principles tried out by other denominations, Dr. Hingeley explained.

AUTO BANDITS HOLD UP PAYROLL MESSENGER

(By the Associated Press)

NEW YORK, May 31.—Seven automobile bandits today held up three men in an automobile at Long Island City and robbed them of \$15,000, payroll money belonging to S. R. Mallison and company, New York City.

MANCHURIAN MUTINY IS SPREADING RAPIDLY

(By the Associated Press)

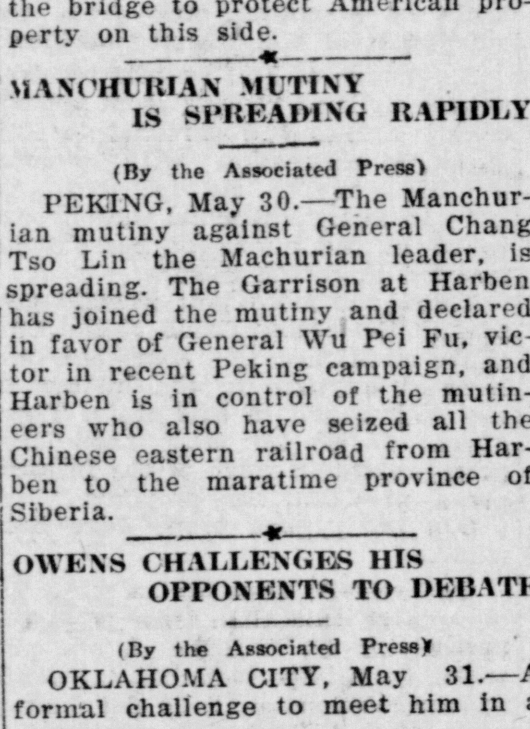

PEKING, May 30.—The Manchurian mutiny against General Chang Tso Lin the Manchurian leader, is spreading. The Garrison at Harbin has joined the mutiny and declared in favor of General Wu Pei Fu, victor in recent Peking campaign, and Harbin is in control of the mutineers who also have seized all the Chinese eastern railroad from Harbin to the maritime province of Siberia.

CAREY INSISTING THAT 'BIG THREE' QUIT THEIR JOBS

(By the Associated Press)
CHICAGO, May 29.—Thomas Carey, millionaire brick manufacturer, who obtained the release of Fred Mader, head of the builders trade council, and "Big Tim" Murphy, following their indictment in connection with Chicago's bomb war and slaying of two policemen, insisted today that the two local leaders comply immediately with their agreement to relinquish control of the council.

Mr. Carey signed the bonds of Mader and Murphy on the sole condition that they would step out as leaders of the builders' trades. Some union officials expressed the preference of placing the whole situation before the builders' trade department of the American Federation of Labor at Cincinnati June 3. "Con" Shea, the other of the "big three" leaders, was still in the county jail where was taken nearly three weeks ago following several raids on the offices of the builders trade council. Efforts to obtain Shea's release on a writ of habeas corpus will be continued, it was said.

Rules Announced For Balloon Contest By World Famous Racers

MILWAUKEE, Wis., May 31.—Following are the rules for the national balloon race, scheduled to start from here today.
1. Any intentional stoppage constitutes the final landing.
2. In case of unintentional stoppage, flight must be resumed within 15 minutes.
3. All essential parts of the equipment must be carried through to the landing.
4. Any pilot landing in the water and accepting help from a boat is disqualified.
5. All contestants must have the same kind of gas.
6. Balloons are limited in size to 2,200 cubic meters plus 5 percent of a total of 2,310 cubic meters (81,000 cubic feet).
These rules are never changed unless by the unanimous consent of all entrants.

MAN SHOOT OFF TOE FIRING TO KILL SNAKE
VISALIA, Calif., May 31.—E. R. Woods of Pottsville, extracted a revolver from behind his pillow when he saw a rattle snake on his bed yesterday and fired with deadly aim. He did not, however, know that his right big toe was in the line of fire and the bullet which killed the snake also clipped off the top of the toe.

LEGION MEN PUT CLERKS IN HOLE

Wild Pitching Spells Jinx For A. A. Team After Victory Is Near

American Legion baseball players grabbed a ragged eight inning contest Tuesday from the Triple A club in the second game of the Ada city league schedule. An extra inning was played as the score was tied at the end of the regular seven inning game. Final count was 6 to 4 for the Legion.

The game was not well played, errors being the main feature. A seventh-inning rally by the clerks, which tied the score, was ruined when the clerks became too anxious and began batting out of order. This made quick work of ending their spurt which probably would have won the game.

In the extra inning, Sticks, substituting with the Clerks for Toller who had left at the end of the seventh, allowed the bases to become filled on walks. He had no control. Reed, manager of the clerks, took the box, but two bad throws, both of which were missed by the catcher, allowed the winning runs by the Legion. He struck out the third man, however.

Box Score										
Legion—	AB	R	H	P	O	A	E

Farmers' Column

By Byron Norrell

Since beginning my trips through the country some months ago I have gained in optimism over the present being made by our farmers. Of course there is much to be criticized and a great deal yet to be done, but I realize as never before how earnestly many of them are striving to better their condition and to give their children advantages that they themselves never enjoyed. Handicapped as many of them are their progress is necessarily slow but many are gaining ground in the face of the greatest of obstacles and within a few more years Pontotoc county will be far ahead of what it is today. The great majority of the farmers are progressive by nature and are not in the ruts from choice. They are ready at all times to learn but they are sometimes just impatient with those who presume to give advice when said self-appointed advisers know little or nothing about what they attempt to expound on how farmers should conduct their business.

J. M. Atkinson, the pickle factory man, states that he recently shipped 75,000 tomato plants back to his old home in Iowa. He had about 60,000 more but as the season in Iowa happened to be favorable this spring, their own plants were available sooner than usual and as no late freeze made replanting necessary, a good start is being made. He says 75,000 will set 35 acres.

Cultivation May Check Weevil
(By C. S. Sanborn, Entomologist, A. and M. College)

On the 15th of May, County Agent Dunlap at Durant requested me to make a personal investigation of boll weevil conditions in Bryan county. Previous to this time, boll weevils had been coming in to the entomological department of the A. and M. College indicating that the weevils were issuing from their hibernation quarters generally throughout the southeastern quarter of the state and more particularly in a sort of a triangular area, the apex of which was Okemah and the base, in this state, the Red River.

During the investigation near Durant and since that time many questions have been asked pertaining to the present status and future prospects of a cotton crop from the standpoint of boll weevil conditions. Specimens of boll weevils received at this College, reports from various county agents and personal investigation in connection with general inquiries enable me to give answers to many questions that appear to be in the minds of persons interested in cotton culture.

There are more boll weevils present in the cotton fields of the area above mentioned this year than perhaps at any time in the history of the boll weevil in this state. There appear to be no more than have been present in some of the infested areas of Texas in previous years where fairly good crops have been made.

The weevils seem to be more numerous at this time than they will appear to be a little later, notwithstanding the fact that more will appear later since all do not emerge from their hibernating quarters at one time. Furthermore, as the cotton foliage develops, the weevils will become less conspicuous on account of an increased amount of food and protection.

Experiments performed in Texas by boll weevil experts during the early days of the boll weevil infestation proved that the poisoning of cotton early in the season had little or no effect as a control.

The weevils now present will remain until after the squares begin

to appear. The question is frequently asked us to whether the present brood of adult weevils can remain until time for laying their eggs in the squares since it is a fact that they will lay their eggs in no other place. There is no reason why weevils now present can not remain until the squares appear in which the next brood may develop. The present brood will disappear as soon as they deposit their eggs.

The probability of a cotton crop in the weevil infested area of the state will depend almost entirely upon the weather during the time of the development of the brood of eggs deposited by the present brood and the brood developing from eggs laid by the progeny of the present brood.

In order for a crop to be produced, the weather must be dry and hot and the cotton well tended, that is to say a soil mulch must be maintained so that there will be no clods and weeds in the cotton fields to protect the fallen squares from direct sunshine and consequent heat. As soon as the squares have been punctured by the weevils they will flare and drop from the plants. The larvae require juicy, succulent squares in which to develop. After the squares become dried by heat, and non-succulent, the larvae will perish.

Frequent cultivation, resulting in a good soil mulch, will cause the squares to be thrown to the ground and exposed to the sunlight under greater heat conditions than in fields not properly cultivated.

The U. S. Bureau of Entomology strongly advises three consecutive sprays, four days apart, the calcium arsenate in a dust form in localities where experiments with the calcium arsenate sprays have been conducted. It is inferred by the bureau that in this state where cotton makes a bale to the acre in case the boll weevil is eliminated the dusting method should be inaugurated. It has also been later inferred by the bureau that where cotton may make a half bale per acre the poison treatment might be given.

We are not advising this treatment in Oklahoma as being effective since it has not been thoroughly tried out here under our climatic conditions. We do not disapprove however, of its use.

Miguel Casado, a youth from Cuba, was here Tuesday and until today at noon visiting Dr. Coltrane. Mr. Casado came to this county seven years ago to learn the language and customs of America. In the seven years he has learned the language and gone through the public schools and high school and spent one year in the Friends University at Wichita, Kans. He left today on the Santa Fe on his return to his native island, where he expects to put into practice the things learned here.

FATHER OF WARD MAY BE QUIZZED

(Continued from Page One)
chester county believe that George S. Ward is acquainted with the facts of his son's dealings with the black-mailers.

Officers of the marine corps say it would have been impossible for Peters to have arrived only about 12 hours before the killing. It is known that Peters boasted of knowing a rich man in New York who would aid him. He told another former marine, discharged about the time Peters was, how he would ride in motor cars in New York and would bring him all the money he needed. This angle of Peters' history is being run down by officers who

say messages were exchanged with Peters after he arrived in New York.

Sixty-Nine Years Ago

The first pair of shoes were made and sold under the name of Edwin Clapp.

They were made with that old New England honesty of purpose that all the world talks about. And they were made by a man who knew how.

No leather was too good for them. No shoes were made better. None gave more wear or more genuine satisfaction. Like every good workman, Edwin Clapp stamped his product with his name—and the shoes began to speak for him

and for themselves.

People discovered them. More people wanted them—until today the map and woman who buy a pair of Edwin Clapp Shoes add their sanction to the general appearance by always wearing them.

Edwin Clapp Shoes are the finest footwear it is possible to make. For style—for comfort—for keeping their shape—for durability—for goodness through and through—they stand supreme.
Try a pair.

Women's Edwin Clapp Oxfords

\$12.50

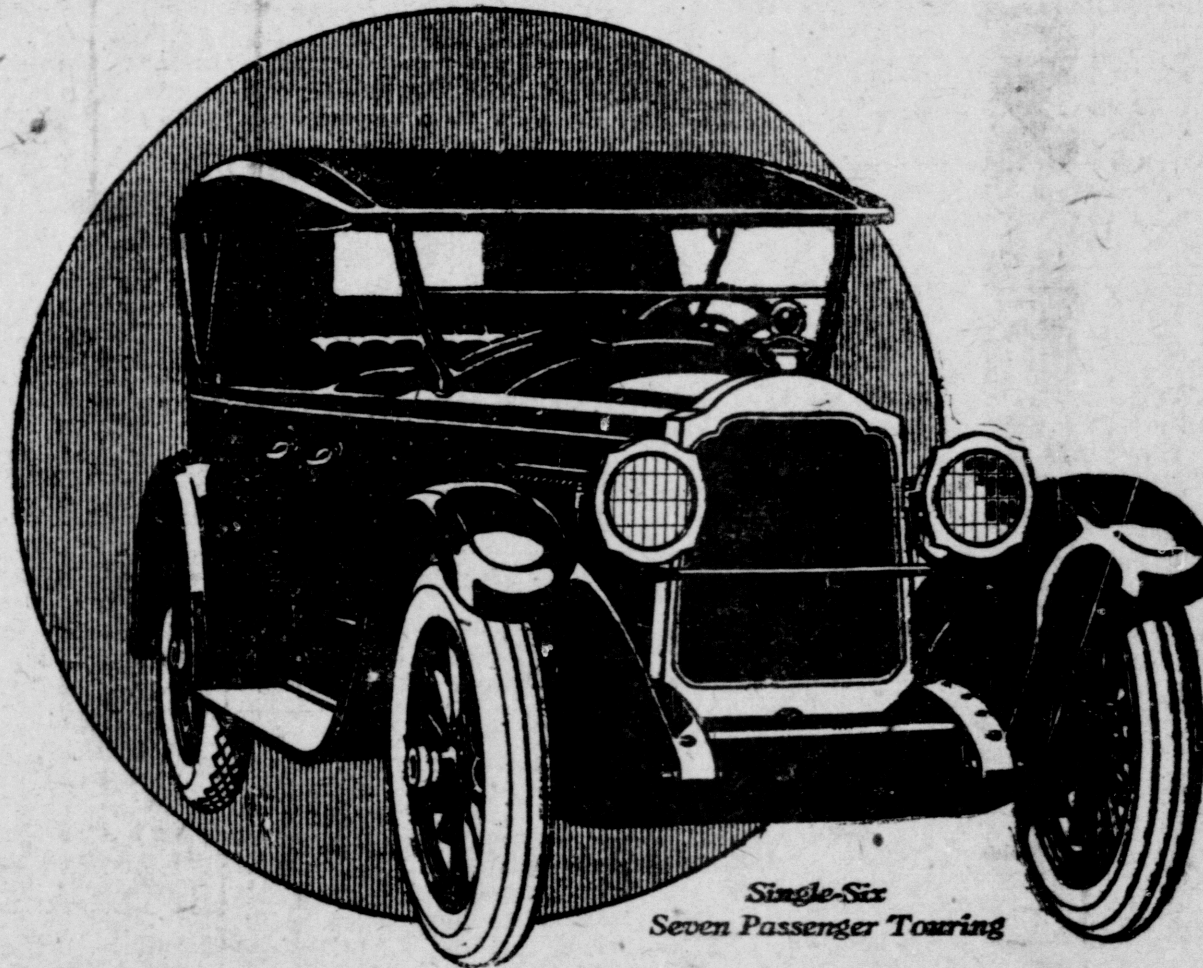

Men's Edwin Clapp Shoes and Oxfords

\$12.50 and \$13.50

Other Good Shoes for Men and Women

\$3.50 to \$10

Stevens - Wilson Co.

NOTHING more deeply significant has ever happened in Packard history than the production of this exquisite group of new cars.

They bear the unmistakable stamp of that beauty of embellishment, and manufacturing precision, which has always been proverbial in Packard.

Packard has improved upon Packard—but, more deeply significant still, by a more complete mastery of its own superb resources, Packard has produced value without precedent.

The incomparable charm of the new Packard Single-Sixes will make you eager for ownership—and the value they express will leave literally no choice but Packard.

The price of the new Single-Six five passenger touring is \$2295 at Detroit.
The new price of the Single-Six touring is \$3650 at Detroit.
